Proof of this, is the prestigious tittle recently awarded to our town, the **National Prize of Sport 2012**, by the Superior Sports Council -a ceremony presided by the King and Queen of Spain-. This award recognizes the great job done by La Nucía Town Hall in the year 2012 in the promotion of sport: many important events have been organized and excellent sport facilities have been built.

La Nucía has joined a select number of Spanish cities who have received both the National Prize of Sport and the title of European Cities of Sport in the European Parliament in Brussels by the federation for the Associations of the European Capitals and Cities of Sport (ACES) among 27 countries in the European Union thanks to "its excellent facilities, management systems and promotion of a healthy lifestyle among its citizens".

In addition to these awards, the Artificial Grass Football 11 Pitch has obtained the best quality certificate that can be given to a field of these particular characteristics, **FIFA two stars (Field Certificate)**. Only three artificial grass fields in Spain have got this certificate. To obtain it, the artificial grass fields "Vicente del Bosque" in the City of Sports Camilo Cano from La Nucía, had to go through a quality assessment made by the **Biomechanical Institute of the Polytechnic University of Valencia.**

Bernabé Cano is receiving the National Sports Award awarded by the Higher Sports Council, and delivered by the Princes of Asturias, in the presence of S.M. Queen Sofia and Princess Elena.

The Athletics Truck as well as the Football Pitch will be authorized to host major international competitions, organized by the International Federation of Athletics as well as by the FIFA.

•Equestrian Centre

Apart from this wide sports offer, the construction of a first-degree Equestrian Centre has also been planned. It will have an extension of 40,000 square metres with a paddock of 3,849 square metres, stables for 99 horses, 3 equestrian centres, as well as a complete Equestrian Complex.

ZENIT ST. PETERSBURG PREPARES FOR THE EIGHTH-FINALS OF THE CHAMPIONS LEAGUE IN LA NUCÍA

The Russian Football team Zenit Saint Petersburg chose the City of Sports Camilo Cano in La Nucía to carry out its training sessions from the 10th to the 14th of February and prepare for a match against Benfica for the quarterfinals of the UEFA Champions League. The coach Villas Boas said that they chose La Nucía for its excellent sports facilities and "excellent grass conditions".

Zenit Saint Petersburg, current champion of the Russian League, has in its ranks several worldwide football stars such as the Brazilian striker Hulk, the Belgian midfielder Witsel, the Argentinian defender Ezequiel Garay (former Real Madrid player), the Russian striker Kokorin and the Spanish midfielder Javi García (former Real Madrid player). Most of them are international players with their respective national teams, such as Hulk with Brazil, Witsel with Belgium or Garay with Argentina.

Previously, different top-level football clubs, such as Ultrecht from the Dutch Eredivisie, Spartak Moscow or Shakhtar Donetsk from Ukraine, had prepared their training sessions in La Nucía. And also smaller clubs such as Spain U-17 teams or Mexico and USA U-17 teams. Before the Zenit, the last stage was made by The United Kingdom National Team in November 2015 to prepare for a match against Spain. Roy Hodgson's Team with major players such as Rooney, Sterling, Hart, Vardy… carried out training sessions during an intense week at the City of Sports Camilo Cano.

THE SPANISH U-17 AND U-19 WOMEN'S NATIONAL TEAMS WILL FACE RUSSIA IN LA NUCÍA

The Royal Spanish Football Federation has once again chosen La Nucia as the venue for the preliminary matches of the U-17 and U-19 Women's national teams, due to the excellent facilities of the City of Sports Camilo Cano.

U-17 National Team

The Spanish U-17 Women's National Team is the current European Champion and World Championship runner up. This match, where they beat Russia with five goals on favour and zero against, served Toña players as a preparation for the Tournament of the Second Qualifying Round (elite round) in Belfast (Northern Ireland) where only one national team got the "pass" to Belarus Eurocup. Last year the "2016 Eurocup" in Belarus had even more value since the first three classifying teams obtained a direct "pass" to the U-17 World Championship 2016, which was played in September in Jordan.

Toña, the coach, selected for this friendly match against Russia the following players: Nerea Eizaguirre Lasa (Añorga KKE), Damaris Egurrola Wienke (Athletic Club), Leyre Monente Aicua (Athletic Club), Laia Aleixandri López (FCBarcelona), Ona Batlle Pascual (FCBarcelona), Paula Fernández Jiménez (FCBarcelona), Berta Pujadas Boix (FCBarcelona), Laia Muñoz Danón (FCBarcelona), Candela Andújar Jiménez (FCBarcelona), Noelia Ramos Álvarez (UD Granadilla TFE Sur), Natalia Ramos Álvarez (UD Granadilla TFE Sur), Lucía Mª Rodríguez Herrero (Madrid CFF), Silvia Rubio Ávila (Madrid CFF), Lorena Navarro Domínguez (Madrid CFF), María Blanco Armendáriz (Mulier FCN), Laura Gutiérrez Sáenz de Santa María (Oviedo Moderno CF), María Sampalo Pérez (Sporting Club de Huelva), Daniela Mª Díaz Crespo (UD Tres Cantos.

U-19 Spanish National Team

Spain is the current runner-up of the U-19 European Championship. The main objective of Pedro Lopez's team was to qualify for the Eslovaquia European Championship of this intense 2016.

In 2016, the U-19 team also went to the World Football Cup of its category, which was hold in Papua New Guinea. The selection for this friendly match against Russia, in which Spain beat Russia 1-0 (goal scored by the goalkeeper Amaia Peña) was the following: Athletic Club: Amaia Peña de las Heras; Valencia Féminas CF: Neus Llinares, C. 3RD MELANI COSTA SWIMMING CAMP

La Nucía Indoor Swimming Pool was the venue for the 3rd. Melani Costa Swimming Camp during the week of 13 to 20 August, 2016.

After taking part in the Olympic Games in Río 2016, the swimmer Melani Costa travelled straight from Brazil to La Nucía to share trainings and experiences with the campers of this Third Edition.

Melani Costa is a renowned Spanish swimmer, 400 metres freestyle short World Champion and World Runner-up in official pool (50 m.), and her Swimming Camp was an absolute success of participation with 80 students -from 8 to 18 years of age- coming from different parts of Spain: Galicia, Madrid, Catalonia Andalucía, Murcia and the Valencian Community. All students were federated and several Spain Children's Champions such as Natalia Andrés de Zaragoza, Sara Juez del Olivar de Zaragoza or Marta Sanjosé del C.N. Terrassa also took part in it.

This Swimming Camp is inclusive, since it is intended for swimmers with and without disabilities. Some disabled swimmers have showed that in sport "there are no barriers", sharing training sessions and games with the rest of campers. The facilities in the City of Sports Camilo Cano, are completely adapted and with "no barriers" at all. And this fact has made it possible for all swimmers in the 3rd. Melani Costa Swimming Camp to develop every activity both inside and outside of the Pool.

Mélani Costa also had the collaboration and support of several national Spanish coaches working in the different levels of modernization. They had at their disposal the last technology to adapt the movement of the start, the style, the turning and the improvement by means of the viewing in real time of the movement of each one of the stages.

4TH BADMINTON YONEX INTERNACIONAL CAMP

The 4th International 2016 Badminton Camp of the Spanish Badminton Federation (FESBA) had 65 students and several national and international Olympic coaches with four levels: elite, modernization, initiation and seniors.
In this 4th Edition, it is interesting to mention the increase in the number of foreign players coming from Italy, the Netherlands, Malta, Belgium, Great Britain as well as Spain. This camp was held in the City of Sports Camilo Cano in La Nucía from the 31st of July to the 7th of August. La Nucía Summer School of Badminton has become, with only four editions, one of the most relevant Badminton Schools in the whole Europe.

Among the participants it is worth mentioning the following: Laia Oset (Champion of Spain in doubles), the Italian player Jeanine Cicognini (50th player in the world and qualified for Río 2016), Beatriz Corrales (2nd in Spain and 35th in the world ranking) and Ernesto Velázquez (2nd in Spain). We also have to mention Rob Watherell (United Kingdom),the coach of the European Federation of Badminton; Arturo Ruiz, the coach of the Italian Olympic Team of Badminton and Andoni Arzurmendi, the coach of the Technification Centre of the Basque Country. The Italian player Jeanine Cicognini carried out her trainings and preparation for the 2016 Rio Olympic Games in La Nucía. In fact, she travelled straight from La Nucía to Brazil, together with several coaches who were taking part in the Camp.

The Spanish Badminton Federation (FESBA) has homologated the 3rd International Camp in La Nucía as an official activity, with special category. inside its annual calendar of events.
The involvement of the Spanish Federation of Badminton (FESBA) has resulted in an increase in the level of sportsmen and women taking part in the 4th Badminton Camp of La Nucía. At present, Spanish Champions in almost every category take part in this Camp. Altogether, there were 27 national medallists, from U-7 category to seniors. For most of the participants, this Camp serves as a "stage" to prepare for different international competitions: the Elite Group served as a preparation for the Olympic Games Río 2016 and for the Junior World Championship, which was held in Bilbao in November. And the Senior Group was an excellent training for the European Championship of September, 2016 in Slovenia.
